

LLRM MEDICAL COLLEGE, MEERUT
2026-2027 Schedule Year Planner for MBBS Batch 2024(3rd Prof. Part 1)

	Colour shade	Used for		Abbreviation	
1.		Serial number	1.	L	Lecture
2.		Date & Day of Year & Sundays	2.	DOAP	Demonstrate (by Student) Observe, Assist Perform
3.		Government holidays	3.	SGD	Small Group Discussion
4.		Lunch	4.	ID	Interactive discussion
5.		S&ECA	5.	SDL	Self-directed Learning
6.		AETCOM Module	6.	IA	Internal Assessment
7.		Forensic medicine	7.	IM	General Medicine
8.		Community Medicine	8.	SU	General Surgery
9.		General Medicine	9.	OG	Obstetrics & Gynaecology
10.		Obstetrics & Gynaecology	10.	PE	Paediatrics
11.		ENT	11.	S&ECA	Sports & Extra-curricular Activities
12.		Ophthalmology	12.	AETCOM	Attitude, Ethics And Communication Module
13.		Paediatrics	13.	OP	Ophthalmology
14.		Surgery			
15.		Terminals			

S No	DAY, DATE & YEAR	8-9 A.M	9-1 2 A. M	12-01 P.M	12 P M L U N C H	2-3PM	3-4 PM
1.	Thursday 1 Oct 2026	PE33.1 Hypothyroidism in children		20.2(a) DOAP In a simulated environment, how to counsel a client for MTP (Integration with forensic medicine)		(SGL)CM19.1 Define and describe the concept of Essential Medicine List (EML) (SGL)CM19.2 Describe roles of essential medicine in primary health care (SGL) CM19.3 Describe counterfeit medicine and its prevention	
2.	Friday 2 Oct 2026			GH			
3.	Saturday 3 Oct 2026			FM(AET) 14.5 PM Demonstration		SU 22.1 Describe the applied anatomy and physiology of thyroid	

4.	Sunday 4 Oct 2026					
----	----------------------	--	--	--	--	--

5.	Monday 5 Oct 2026	OG 1.1. Define and discuss birth rate, maternal mortality and morbidity and maternal near miss		OP 1.1 (L) Describe the physiology of vision OP 1.2 (L) Define, classify and describe the types and methods of correcting refractive errors OP 1.4 (L) Enumerate the indications and describe the principles of refractive surgery OP 1.5 (L) Define, enumerate the types and the mechanism by which strabismus leads to amblyopia		(DOAP)EN.2.4- correct technique of performance and interpret tuning fork tests (DOAP)EN.2.8-correct technique to perform and interpret pure tone audiogram and impedance audiogram
----	----------------------	--	--	--	--	---

6.	Tuesday 6 Oct 2026	SU 5.3 Classify different types of wound and their management	(L) CM13.1 Define and describe the concept of Disaster management CM13.2 Describe disaster management cycle	FM 3.3 Mechanical Injury Injury FM 3.4 Injury types
7.	Wednesday 7 Oct 2026	OG6.1 SGD Describe & discuss the clinical features of pregnancy	EN 1.1- describe the salient features of embryological development of ear	IM 21.2 Enumerate the common plant poisons seen in your area and describe their toxicology, clinical features, prognosis and specific approach to detoxification

8.	Thursday 8 Oct 2026	PE 33.4 Diabetes mellitus in children	OG 10.1(b) Classify and describe the etiology, pathogenesis, clinical features, USG features and management of APH	(SGL)CM 6.1 Formulate a research question for a study
9.	Friday 9 Oct 2026	IM 14.14 Describe and enumerate the indications, pharmacology and side effects of pharmacotherapy for obesity. Describe and enumerate the indications and side effects of bariatric surgery.	FM 2.20 Mechanical Asphyxia	OP 1.1 (SGD) Describe the physiology of vision OP 1.2 (SGD) Define, classify and describe the types and methods of correcting refractive errors. Enumerate the indications and describe the principles of refractive surgeries. OP 1.3 (DOAP) Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision, the pin hole test and the menace and blink reflexes

10.	Saturday 10 Oct 2026			FM(AET) 14.5 PM Demonstration		(SGD) SU24.1 Describe the clinical features, principles of investigation, prognosis and management of pancreatitis
11.	Sunday 11 Oct 2026					

12.	Monday 12 Oct 2026	OG 1.2 Define and discuss perinatal mortality and morbidity [including audit].		OP 2.1 (L) enumerate the causes , describe and discuss the etiology , clinical presentation and diagnostic features of lid and adnexa including hordeolum, blepharitis , dacryocystitis, entropion, ptosis.	(DOAP)EN.4.2- Describe the clinical features, choose the correct investigations and describe the principles of management of diseases of external ear (SDL) EN.4.51 Care of a patient with tracheostomy (stoma care, suction, management of cuff) Describe care of a patient with tracheostomy
13.	Tuesday 13 Oct 2026	Define and describe aetiology and pathogenesis of surgical infection.		(L) CM 13.3 Describe man-made disasters in the world and in India CM 13.4 Describe the details of the National Disaster Management Authority	FM 3.6 Injury (SGD) FM 3.8 Types of weapons FM 3.9 FIREARM INJ
14.	Wednesday 14 Oct 2026	OG 5.1 ,5.2 ,8.4 Discuss the objectives of antenatal care & screening for high-risk factors		EN1.2 describe anatomy of external ear EN 1.3 describe anatomy of middle ear	IM 21.3 Enumerate the common corrosives used in your area and describe their toxicology, clinical features, prognosis and approach to therapy.

15.	Thursday 15 Oct 2026	PE10.1 PE10.2 Discuss Severe Acute Malnourishment (SAM) and Moderate Acute Malnutrition (MAM) Clinical approach to a child with SAM and MAM (INTEGRATION-Physio)	15.2 & 35.14 SGD Observe and assist in the performance of an episiotomy and demonstrate the correct suturing technique of an episiotomy in a simulated environment	CM 6.2 Describe and discuss the principles and demonstrate the Methods of collection, classification, analysis, interpretation and presentation of statistical data
-----	-------------------------	--	--	--

v

16.	Friday 16 Oct 2026	IM 20.1 Enumerate the local poisonous snakes and describe the distinguishing marks of each.	FM 2.21-2.22 Hanging/strangulation	OP 2.1 (SGD) Enumerate the causes, describe and discuss the aetiology, clinical presentations and diagnostic features of hemangioma, dermoid, lid lag and lagophthalmos. OP 2.3 (DOAP) Demonstrate under supervision clinical procedures performed in the lid including: bells phenomenon, assessment of entropion/ ectropion, perform the regurgitation test of lacrimal sac. Massage technique in cong. dacryocystitis, and trichiatic cilia removal by epilation
-----	-----------------------	---	---------------------------------------	---

17.	Saturday 17 Oct 2026			FM (AET) 2.18 Crime scene investigation		SU 4.4 Communicate and counsel patients and families about the treatment and prognosis of shock demonstrating empathy and care
18.	Sunday 18 Oct 2026					
19.	Monday 19 Oct 2026			GH		
20.	Tuesday 20 Oct 2026			GH		

21.	Wednesday 21 Oct 2026	OG 22.1 Physiology of normal vaginal discharge, abnormal vaginal discharge and syndromic management.	EN 1.4 describe the salient features of anatomy of internal ear including labyrinth, inner ear fluids, internal auditory canal, organ of Corti, blood supply	IM 20.1 Describe the initial approach to the stabilization of the patient who presents with poisoning.
22.	Thursday 22 Oct 2026	PE20.7 Discuss the etiology, clinical features and management of Birth injuries. PE20.9 Discuss the etiology, clinical features and management of Birth asphyxia	15.2 & 35.14 SGD Observe and assist in the performance of an episiotomy and demonstrate the correct suturing technique of an episiotomy in a simulated environment	(SGL)CM 6.3 Describe, discuss, and demonstrate the application of Elementary statistical methods including test of significance in various study designs
23.	Friday 23 Oct 2026	IM 20.8 Describe the diagnosis, initial approach stabilization and therapy of scorpion envenomation	FM 2.23 Drowning	OP 2.4 (SGD) Describe the aetiology, clinical presentation. Discuss the complications and management of orbital cellulitis. OP 2.5 (SGD) Describe the clinical features on ocular examination and management of a patient with cavernous sinus thrombosis.

24.	Saturday 24 Oct 2026		FM(AET) 14.5 PM Demonstration	SU12.2 Methods of estimation and requirement of fluid, Electrolyte in a surgical patient
25.	Sunday 25 Oct 2026			
26	Monday 26 Oct 2026	OG 1.3 Define and discuss the Still birth and abortion	OP 2.4 (L) Describe the etiology, clinical presentation and discuss the complications and management of preseptal and orbital cellulitis. OP 2.5 (L) Describe the clinical presentation and management of cavernous sinus thrombosis.	(DOAP)EN4.1-desctibe the clinical features, choose the correct investigations and describe the principles of management of otalgia (DOAP)EN.4.2- describe the eustachian tube anatomy, physiology and function test

27.	Tuesday 27 Oct 2026	SU 16.1 Minimally invasive General Surgery: Describe indications advantages and disadvantages of Minimally invasive General Surgery	(L) CM 17.1 Define and describe the concept of health care to community	FM 3.10 Firearm injuries FM 3.11 Regional Injuries
28.	Wednesday 28 Oct 2026	OG 8.3 DOAP Demonstrate and perform an obstetrical examination including a general and abdominal examination	EN.1.6 describe the physiology of hearing, conduction of sound, transformer mechanism of middle ear, neurotransmission of sound	IM24.4 SGD Enumerate the indications of enteral and parenteral nutrition in critically ill patients

29.	Thursday 29 Oct 2026	PE20.8 Respiratory distress in New born including meconium aspiration and transient tachypnoea of newborn	17.1 SGD Discuss the physiology of lactation add discuss baby friendly hospital initiatives	(SGL)CM 6.3 Describe, discuss, and demonstrate the application of Elementary statistical methods including test of significance in various study designs
-----	-------------------------	---	---	---

30.	Friday 30 Oct 2026	IM 3.2 Discuss and describe the aetiologies of various kinds of pneumonia and their microbiology depending on the setting and immune status of the host.	FM 2.24 Thermal Deaths	OP 2.8 (SGD) List the investigations helpful in diagnosis of orbital tumors. Enumerate the indications for appropriate referral OP 3.1 (DOAP) Elicit document and present an appropriate history in a patient presenting with “red eye” including congestion, discharge, pain. OP 3.2 (DOAP) Demonstrate document and present the correct method of examination of a “red eye” including vision assessment, corneal ustre, pupil abnormality, ciliary tenderness.
-----	-----------------------	--	------------------------	---

31.	Saturday 31 Oct 2026		FM(AET) 14.5 PM Demonstration	SU 12.1 SGD Enumerate the causes and consequences of malnutrition in the surgical patient
32.	Sunday 1 Nov 2026			

33.	Monday 2 Nov 2026	OG8.4 SGD Discuss antenatal fetal monitoring and intrapartum monitoring		OP 2.6 (L) Enumerate the causes and describe the differentiating and clinical features and management of proptosis. OP 2.7 (L) Classify the various types of orbital tumours. Differentiate the symptoms and signs of the presentation of various types of ocular tumours. OP 2.8 List the investigations helpful in diagnosis of orbital tumours Op 36.1 (L) Describe the etiology, genetics, pathogenesis, pathology, presentation, sequelae and complications of retinoblastoma	(DOAP)EN.4.3-describe the clinical features, choose the correct investigations and describe the principles of management of ASOM (DOAP)EN.4.3-describe the clinical features, choose the correct investigations and describe the principles of management of ASOM
34.	Tuesday 3 Nov 2026	Perioperative management of common surgical procedure		(L) CM 17.3 Describe primary health care, its components and principles.	FM 3.11 Regional Inj cont FM 3.11 Vert Integration Regional Inj (Sx Ortho)

35.	Wednesday 4 Nov 2026	OG 20.1 – Describe and discuss the legal aspects , indications and methods of MTP in first and second trimester	EN 4.6-describe the clinical features, choose the correct investigations and describe the principles of management of discharging ear	IM14.2 SDL Describe and discuss the etiology of obesity including modifiable and non modifiable risk factors and secondary causes.
36.	Thursday 5 Nov 2026	PE20.10 PE20.19 Neonatal hyperbilirubinemia Discuss Hemorrhagic disease of New born	20.2(b) DOAP In a simulated environment administer informed consent to a person wishing to undergo Medical Termination of Pregnancy	(SGL)CM6.4 Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion
37.	Friday 6 Nov 2026	IM 20.4 Describe the initial approach to the stabilization pf patient who presents with snake bite.	FM 2.25 Electrocution	OP 3.3 (SGD) Describe the etiology, pathophysiology, ocular features, differential diagnosis, complications. and management of various causes of conjunctivitis
38.	Saturday 7 Nov 2026		FM (AET) 2.19 Anaesthetic death	SU 19.2 Describe the Principles of reconstruction of cleft lip and palate

39.	Sunday 8 Nov 2026				
40.	Monday 9 Nov 2026		GH		
41.	Tuesday 10 Nov 2026	SU11.4 Enumerate the indications and principles of day care General Surgery	(L) CM 17.4 Describe National policies related to health and health planning and millennium development goals		FM 3.12 Head injuries
42.	Wednesday 11 Nov 2026		GH		
43.	Thursday 12 Nov 2026	PE20.11 Low birth weight (preterm and Small for gestation)	17.2 DOAP Counsel in a simulated environment, care of the breast, importance and technique of breast feeding		(SGL)CM6.4 Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution,

44.	Friday 13 Nov 2026	IM 6.18 Enumerate the indications and discuss prophylactic drugs used to prevent HIV related opportunistic infections	FM 2.26 Starvation	OP 3.7 (SGD) Describe the aetiology, pathophysiology, ocular features, differential diagnosis, complications and management of symblepharon OP 6.4 (L) Describe and Distinguish hyphema and hypopyon.
45.	Saturday 14 Nov 2026		FM (AET) 2.35 Professionalism Autopsy	SU 4.1 SGD Describe Pathophysiology of Burns
46.	Sunday 15 Nov 2026			

47.	Monday 16 Nov 2026	OG 21.1 (a) Describe and discuss the indications, technique complications, selection of patient, side effects and failure rate of temporary and permanent method of contraception , emergency, techniques and complication , selection of patient and failures rates	OP 3.4 (L) Describe the aetiology, pathophysiology, ocular features, differential diagnosis, complications and management of trachoma OP 3.5 (L) Describe the aetiology, Pathophysiology ocular features, differential diagnosis, complications and management of vernal catarrh OP 3.6 (L) Describe the aetiology, Pathophysiology, ocular features, differential diagnosis, complications and management of pterygium	(DOAP)EN1.5-describe the important aspects of physiology of vestibular system (SDL) EN.4.30.4 describe the principles of management of epistaxis including resuscitation, local measures, nasal packing
48.	Tuesday 17 Nov 2026	SU13.1 Describe the immunological basis of organ transplantation	(L) CM 17.5 Describe health care delivery in India	FM 3.13 SEXUAL Offences FM 3.14-15 Examination of Survivor & Accused
49.	Wednesday 18 Nov 2026	14.1 Define and describe obstructed labour ,clinical features ,prevention and management	EN.4.7-Describe the clinical features, choose the correct investigations and describe the principles of management of tubotympanic CSOM	IM 21.7 Enumerate the indications and describe the pharmacology, dose, adverse reactions, hypersensitivity reactions of anti-snake venom.

50.	Thursday 19 Nov 2026	PE20.16 PE20.17 Discuss the etiology, clinical features and management of Perinatal infections Neonatal Sepsis	34.4 Operative gynecology – understand and describe the technique and complication: dilatation and curettage; ECC, cervical biopsy	(SGL)CM6.4 Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion
51.	Friday 20 Nov 2026	IM 3.3 Discuss and describe the pathogenesis, presentation, natural history and complications of pneumonia	FM 2. 27-28 Infanticide and IUD	OP 3.8 (DOAP) Demonstrate correct technique of removal of foreign body from the eye in a simulated environment OP 3.9 (DOAP) Demonstrate the correct technique of instillation of eye drops in a simulated environment
52.	Saturday 21 Nov 2026		FM(AET) 6.1 Forensic Serology	Describe and discuss the clinical features of hypo and hyperparathyroidism and the principles of their management

53.	Sunday 22 Nov 2026			
54.	Monday 23 Nov 2026	OG 9.1 Enumerate the causes of first trimester bleeding. Classify, define & discuss the etiology and management of abortion including threatened/incomplete/mi ssed/septic/inevitable abortion	OP 4.1 (L) Enumerate, describe and discuss the types and causes of corneal ulceration OP 4.2 (L) Enumerate and discuss the differential diagnosis of infective Keratitis OP 4.3 (L) Enumerate the causes of corneal edema	(SDL) EN.2.8 interpret pure tone audiogram and impedance audiogram (SDL) EN.2.15 describe the national programmes for prevention of deafness, cancer, noise and environmental pollution
55.	Tuesday 24 Nov 2026	Describe classification of hospital waste and appropriate methods of disposal.	GH	

56.	Wednesday 25 Nov 2026	OG 9.4 Discuss the etiology, clinical features, differential diagnosis of acute abdomen in early pregnancy with a focus on ectopic pregnancy] and enumerate the principles of medical and surgical management.	EN.8.5-Describe the clinical features, choose the correct investigations and describe the principles of management of extra cranial complications of CSOM	IM 22.5 Enumerate the commonly observed drug overdose in your area and describe their toxicology, clinical features, prognosis and approach to therapy.
57.	Thursday 26 Nov 2026	PE30.1 PE30.2 Meningitis in children Distinguish bacterial, viral and tuberculous meningitis (INTEGRATION - Micro)	Describe and discuss PPIUCD program	(SGL)CM 7.8 Describe the principles of association, causation and biases in epidemiological studies
58.	Friday 27 Nov 2026	IM 6.6 Describe and discuss the pathogenesis, evolution and clinical features of common HIV related skin and oral lesions	FM 2.29-2.32 Doctor in court	OP 4.9 (SGD) Describe and discuss the importance and protocols involved in eye donation and eye banking OP 4.10 (SGD) Counsel patients and family about eye donation in a simulated Environment

59.	Saturday 28 Nov 2026		(AETCOM) CM 3.5 A Identify, discuss, and defend medico-legal, socio-cultural, professional, and ethical issues as it pertains to the physician-patient relationship (including fiduciary duty)	SGD SU22.3 Describe the etiopatogenesis of thyroid swellings SGD SU23.2 Describe the etiology, clinical features and principles of management of disorders of adrenal gland
60.	Sunday 29 Nov 2026			
61.	Monday 30 Nov 2026	OG 9.5 Classify GTD; Clinical features, laboratory Investigations, USG, differential diagnosis, principles of management and follow-up of molar pregnancy	OP 4.4 (L) Enumerate the causes and discuss the management of dry eye OP 4.7 Enumerate the indications and describe the methods of tarsorrhaphy OP 4.5 (L) Enumerate the causes of corneal blindness	(DOAP)EN.4.21-describe the clinical features, investigations and principles of management of tinnitus (DOAP)EN.4.21-describe the clinical features, investigations and principles of management of tinnitus

				OP 4.9 (L) Describe and discuss the importance and protocols involved in eye donation and eye banking		
62.	Tuesday 1 Dec 2026	SU17.3 Describe the Principles in management of mass Casualties		(L) CM 7.1 Define Epidemiology and describe and enumerate the principles, concepts and uses		FM 3,16 REPORT WRITING OF SEXUAL ASSAULT FM 3,16 REPORT WRITING OF Unnatural Sexual Offence

63.	Wednesday 2 Dec 2026	OG8.5 DOAP Demonstrate the pelvic assessment and CPD evaluation in a model	EN.8.6- describe the principles of management of intracranial complications of CSOM	IM 6.14 Discuss and describe the principles of HAART, the classes of antiretrovirals used, adverse reactions and interactions in a patient suffering from HIV/AIDS
64.	Thursday 3 Dec 2026	PE30.8 Epilepsy in children	34.2 Describe and discuss etiology, pathology, classification, staging of ovarian cancer, clinical features ,D/D, investigations and management including staging laparotomy	(SGL)CM 7.6 Enumerate and evaluate the need of screening tests
65.	Friday 4 Dec 2026	IM 6.1 Describe and discuss the symptoms and signs of acute HIV seroconversion.	FM 2.23-2.24 Mass disaster	OP 8.3 (L) Demonstrate the correct technique of a fundus examination and describe and distinguish the fundoscopic features in a normal condition and in conditions causing an abnormal retinal examination.

66.	Saturday 5 Dec 2026			(AETCOM) CM 3.5 A Identify, discuss, and defend medico-legal, socio-cultural, professional, and ethical issues as it pertains to the physician-patient relationship (including fiduciary duty)		SDL SU 4.1 Pathophysiology of burns
67.	Sunday 6 Dec 2026					

68.	Monday 7 Dec 2026	OG 10.1(a) Define and enumerate the etiology of APH. Classify and describe the etiology, pathogenesis, clinical features, USG features and management of placenta previa		OP 6.1(L) Describe clinical signs of intraocular inflammation and enumerate the features that distinguish granulomatous from non granulomatous inflammation. OP 6.2 (L) Identify and Distinguish acute Iridocyclitis from chronic iridocyclitis OP 6.3 (L) Enumerate systemic conditions that can present iridocyclitis and describe their ocular manifestation 6.5(L) Enumerate and choose the appropriate investigation for patients with conditions affecting the Uvea		(DOAP)EN.4.19.4- Describe the clinical features, investigations and principles of management of meiner's disease
-----	----------------------	--	--	---	--	--

69.	Tuesday 8 Dec 2026	SU11.1 Enumerate the Indications and principles of day care General Surgery	(L)CM7.2 Enumerate, describe and discuss the modes of transmission and measures for prevention and control of communicable and non-communicable diseases	FM 3.18 VIRGINITY, LEGITIMACY FM 3.19 Pregnancy
70.	Wednesday 9 Dec 2026	OG13.3 SGD Discuss the physiology of normal labor ,mechanism and monitoring of labour inc partograph, labour care guide and pain relieve and principles of induction and acceleration of labour and induction of labour	EN.4.10- describe the indications for and steps involved in myringotomy and myringoplasty	IM 6.15 Discuss and describe the pathogenesis of IRIS and its management.

71.	Thursday 10 Dec 2026	PE30.9 Floppiness in an infant and children	14.2 Describe and discuss rupture uterus, cause, diagnosis and management	(SGL)CM 7.7 Describe and demonstrate the steps in the Investigation of an epidemic of communicable disease and describe the principles of control measures.
72.	Friday 11 Dec 2026	IM 6.2 Define and classify HIV AIDS based on the CDC criteria.	FM 4.1-4.4 Medical Ethics	OP 5.1 (SGD) Define, enumerate and describe the aetiology, associated systemic conditions, clinical features complications indications for referral and management of episcleritis
73.	Saturday 12 Dec 2026		(AETCOM) CM 3.5 B Identify and discuss the physician's role and responsibility to society and the community that she/he serves	Describe the clinical feature, investigation and management to benign and malignant condition of pancreas

74.	Sunday 13 Dec 2026				
75.	Monday 14 Dec 2026	OG20.3 SGD Discuss Pre-conception and Pre Natal Diagnostic Techniques (PC& PNDT) Act 1994 & its amendments		OP 6.6(L) Enumerate and discuss the etiology, the clinical Distinguishing features of various glaucomas associated with shallow and deep anterior chamber. Choose appropriate investigation and treatment for patients with above conditions.	(DOAP)EN.4.21.4- describe the clinical features, investigations and principles of management of acoustic neuroma
76.	Tuesday 15 Dec 2026	SU 17.7 Describe the clinical features of Soft tissue injuries. Choose appropriate investigations and discuss the principles of management		(L)CM7.2 Enumerate, describe and discuss the modes of transmission and measures for prevention and control of communicable and non-communicable diseases (L)CM 7.4 Define, calculate and interpret morbidity indicators based on given set of data	FM 3.20-3.21 Disputed paternity FM 3.22 IMPOTENCY/STERILITY

77.	Wednesday 16 Dec 2026	OG 23.1 SGD Discuss the physiology of puberty, features of abnormal puberty, common problems and their management		EN.4.11- numerate the indications, describe the steps of mastoidectomy		IM 6.13 Describe and enumerate the indications and side effects of drugs for bacterial, viral and other types of diarrhea in a patient suffering from HIV/AIDS
78.	Thursday 17 Dec 2026	PE3.2 PE3.8 Approach in the management of Cerebral palsy developmental delay		13.4 Define, describe causes, pathophysiology, diagnosis, management of preterm labour, PPRM and postdated pregnancy		(SGL) CM 7.3 Enumerate, describe and discuss the sources of epidemiological data CM7.4 define, calculate and interpret mortality indicators based on given set of data
79.	Friday 18 Dec 2026	IM 6.5 Describe and discuss the pathogenesis, evolution and clinical features of common HIV related malignancies.		FM 4.5-4.6 Rights and Duties of doctors		OP 5.2 (SGD) Define, enumerate and describe the aetiology, associated systemic conditions, clinical features, complications, indications for referral and management of scleritis

80.	Saturday 19 Dec 2026			(AETCOM) CM 3.5 B Identify and discuss the physician's role and responsibility to society and the community that she/he serves		SU 14.2 SGD Describe Surgical approaches, incisions and the use of appropriate instruments in Surgery in general
81.	Sunday 20 Dec 2026					

82.	Monday 21 Dec 2026	OG 27.1 SGD Discuss the etiology, pathology, clinical features, dd, investigations, management of sexually transmitted infections	OP 8.1 (L) Discuss the aetiology, pathology, clinical features and management of vascular occlusions of the retina	(DOAP)EN.4.21.5- describe the clinical features, investigations and principles of management of aural tumors
83.	Tuesday 22 Dec 2026	SU18.2 Classify skin tumours Differentiate different skin tumours and discuss their management	(L)CM 7.5 Enumerate, define, describe and discuss epidemiological study designs	FM 3.22-3.25 CONTRACEPTION FM 3.26-2.27 ART/MTP ACT

84.	Wednesday 23 Dec 2026	OG 10.2 Enumerate the indications and describe the appropriate use of blood and blood products, their complications and management		EN4.13 - describe the clinical features, investigations and management of otosclerosis		IM 6.3 Describe and discuss the relation between CD4 count and risk of opportunistic infections.
-----	--------------------------	--	--	--	--	--

85.	Thursday 24 Dec 2026	PE4.3. PE4.4 Approach to a child with Attention Deficit Hyperactivity Disorder (ADHD). Discuss Autism		13.1 Enumerate and discuss the diameter of maternal pelvis and types		(SGL) CM 8.4 Describe the principles and enumerate the measures to control a disease epidemic
86.	Friday 25 Dec 2026			GH		
87.	Saturday 26 Dec 2026			WINTER		
88.	Sunday 27 Dec 2026					
89.	Monday 28 Dec 2026					
90.	Tuesday 29 Dec 2026			VACATIONS		

91.	Wednesday 30 Dec 2026			WINTER		
-----	--------------------------	--	--	--------	--	--

92.	Thursday 31 Dec 2026					
93.	Friday 1 Jan 2027					

94.	Saturday 2 Jan 2027			VACATIONS		
-----	------------------------	--	--	-----------	--	--

95.	Sunday 3 Jan 2027					
96.	Monday 4 Jan 2027	OG27.1 SGD Discuss the management of		OP 8.4 (L) Enumerate and discuss treatment modalities in management of diseases of the		(DOAP)EN4.14.- describe the clinical features, investigations and management of conductive/sensorineural hearing loss

		sexually transmitted infections		retina OP 8.5 (L) Describe and discuss the correlative anatomy, aetiology, clinical manifestations diagnostic tests, imaging and management of diseases of the optic nerve and visual pathway		
97.	Tuesday 5 Jan 2027	SU21.2 Enumerate the appropriate investigations and describe the Principles of treatment of disorders of salivary glands SU 20.1 Describe etiopathogenesis of oral cancer symptoms and signs		(L)CM 7.5 Enumerate, define, describe and discuss epidemiological study designs		FM 3.24-3.25 CONTRACEPTION FM 3.26-2.27 ART/MTP ACT

98.	Wednesday 6 Jan 2027	OG 12.1 Define classify and describe etiology , pathophysiology , early detection and investigations of HDP. ECLAMPSIA and its complications	EN.4.18.1 --describe the anatomy of facial nerve and its examination EN.4.18.3-describe the investigations relevant in the diagnosis of facial nerve palsy	IM 5.1 SGD Describe and discuss the physiologic and biochemical basis of hyperbilirubinemia.
-----	-------------------------	--	---	--

99.	Thursday 7 Jan 2027	PE21.2 Acute poststreptococcal Glomerular Nephritis in children(INTEGRATION Patho)	33.3 DOAP Demonstrate the screening of cervical cancer in a simulated environment	(SGL) CM 8.5 Describe and discuss the principles of planning, implementing and evaluating control measures for disease at community level bearing in mind the public health importance of the disease
100.	Friday 8 Jan 2027	IM 14.1 SDL Define and measure obesity as it relates to the Indian population	FM 4.8-10 COPRA & Doctors & Media	OP 6.1 (SGD) Describe clinical signs of intraocular inflammation and enumerate the features that distinguish granulomatous from non-granulomatous inflammation
101.	Saturday 9 Jan 2027		(AETCOM) CM 3.5 B Identify and discuss the physician's role and responsibility to society and the community that she/he serves	SU 25.2 SGD Describe the etiopathogenesis, clinical features and principles of management of benign breast disease including infections of the breast

102.	Sunday 10 Jan 2027				
103.	Monday 11 Jan 2027	OG 12.1 Principles of management of HDP and eclampsia, complications of eclampsia		OP 9.2 (L) Classify, enumerate the types, methods of diagnosis and indications for referral in a patient with heterotropia/ strabismus OP	DOAP)EN1.1.7- describe the anatomy of lateral wall of nose En.4.Describe and discuss the aetiopathogenesis- describe the clinical features, choose the correct investigations and describe the principles of management of nasal obstruction (DOAP)EN4.23- describe the clinical features, investigations and principles of management of dns En.4.24- describe the steps in septoplasty

104.	Tuesday 12 Jan 2027	SU 22.1 Describe the applied anatomy and physiology of thyroid	(L)CM 7.5 Enumerate, define, describe and discuss epidemiological study designs	FM 3.27-3.28 Abortion FM 3.28 MTP act
------	------------------------	--	---	--

105.	Wednesday 13 Jan 2027	SGD Discuss the long term complications of sexually transmitted infections	EN.4.25-describe the clinical features, choose the correct investigations and describe the principles of management of deaf child	IM 15.1 Enumerate, describe and discuss the aetiology of upper and lower GI bleeding.
------	--------------------------	--	---	---

106.	Thursday 14 Jan 2027	PE21.5 PE21.6 Discuss Acute Renal Failure in children Approach to Chronic Renal Failure in Children(INTEGRATION Patho)	33.3 DOAP Demonstrate the screening of cervical cancer in a simulated environment (pap smear, VILI, VIA), colposcopy	(SGL) CM8.6 Educate and train health workers in disease surveillance, control & treatment and health education
107.	Friday 15 Jan 2027	IM 5.2 Describe and discuss the aetiology and pathophysiology of liver injury	FM 4.11 Euthanasia	OP 6.2 (SGD) Identify and distinguish acute iridocyclitis from chronic iridocyclitis

108.	Saturday 16 Jan 2027			CM (AETCOM)		SU 28.2 SGD Demonstrate the correct technique to examine the patient with hernia and identify different types of hernias
109.	Sunday 17 Jan 2027					

110.	Monday 18 Jan 2027	OG 12,7 Describe and discuss screening , risk factors management of mother and newborn with HIV		9.3 (L) Describe the role of refractive error correction in a patient with headache and enumerate the indications for referral	(DOAP)EN.4.27- describe the clinical features, choose the correct investigations and describe the principles of management of allergic rhinitis (DOAP)EN.4.28- describe the clinical features, choose the correct investigations and describe the principles of management of vasomotor rhinitis
111.	Tuesday 19 Jan 2027	SU 27.4 Describe the types of gangrene and principles of amputation		(L)CM 7.5 Enumerate, define, describe and discuss epidemiological study designs	FM 3.31 Torture FM 3.32-3.33 Human rights

112.	Wednesday 20 Jan 2027	SGD DISCUSS DIFFERENTIAL DIAGNOSIS AND INVESTIGATIONS OF STI	EN.4.39- describe the clinical features, choose the correct investigations and describe the principles of management of acute and chronic tonsillitis	IM 15.3 Describe and discuss the patho- physiological effects of acute blood and volume loss.
113.	Thursday 21 Jan 2027	PE21.14 Recognize common surgical conditions of the abdomen and genitourinary system(Integration- Surgery)	9.3 Describe the steps and observe MTP	(SGL) CM 5.1 Describe the common sources of various nutrients and special nutritional requirements according to age, sex, activity, physiological conditions
114.	Friday 22 Jan 2027	IM 5.4 Describe and discuss the epidemiology, microbiology, immunology and clinical evolution of infective (viral) hepatitis	FM 4.12-4.15 Stem cell research etc	OP 6.7 (SGD) Enumerate and discuss the aetiology, the clinical distinguishing features of various glaucomas associated with shallow and deep anterior chamber. Choose appropriate investigations and treatment for patients with above conditions.
115.	Saturday 23 Jan 2027		CM (AETCOM)	SU3.2 SGD OBSERVE BLOOD TRANSFUSION

116.	Sunday 24 Jan 2027			
117.	Monday 25 Jan 2027	OG13.1 enumerate and discuss the diameters of maternal pelvis and types	OP 9.4 (L) Enumerate, describe and discuss the causes of avoidable blindness and the National Programs for Control of Blindness (including vision2020)	(DOAP)EN4.33- describe the clinical features, choose the correct investigations and principles of management of acute and chronic sinusitis
118.	Tuesday 26 Jan 2027	SU 1.3 Discuss on basic concepts of perioperative care of surgical patients	GH	
119.	Wednesday 27 Jan 2027	DOAP Enumerate and discuss the diameters of fetal skull	EN. 4.14-describe the clinical features, investigations and management of snhl EN. 4.14.1- hearing aids and cochlear implants	IM 16.1 SGD Describe the aetiology of acute and chronic diarrhea including infectious and non-infectious causes.
120.	Thursday 28 Jan 2027	PE27.3,27.4 Respiratory distress in children	19.2 Counsel in a simulated environment, contraception and puerperal sepsis	(SGL) CM 5.2 Describe and demonstrate the correct method of performing a nutritional assessment of individuals, families, and the community by using the appropriate method

121.	Friday 29 Jan 2027	IM 5.5 Describe and discuss the pathophysiology and clinical evolution of alcoholic liver disease.	FM 5.1 Forensic Psychiatry	OP 6.8 (SGD) Enumerate and choose the appropriate investigation for patients with conditions affecting the Uvea
122.	Saturday 30 Jan 2027		CM (AETCOM)	SU10.3 SGD Observe common surgical procedures and assist in minor surgical procedures; Observe emergency lifesaving surgical procedures
123.	Sunday 31 Jan 2027			
124.	Monday 1 Feb 2027	DISCUSS THE FEATURES OF ABNORMAL PUBERTY „COMMON PROBLEMS AND	OP 9.5 (L) Describe the evaluation and enumerate the steps	DOAP) EN 4.31- describe the clinical features, investigations and principles of management of trauma to face and neck

		THEIR MANAGEMENT	involved in the stabilisation, initial management and indication or referral in a patient with ocular injury	
125.	Tuesday 2 Feb 2027	SU 5.3 Classify different types of wound and their management	(L)CM 8.1 Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases	FM 4.16-4.18 Bioethics
126.	Wednesday 3 Feb 2027	OG 26.2 Describe the causes, prevention, clinical features principles of management of genital injuries	EN 1.1- Describe the salient features of embryological development of ear	IM 16.3 SGD Describe and discuss the chronic effects of diarrhea including malabsorption.

127.	Thursday 4 Feb 2027	PE33.2 Recognize the clinical signs of Hypothyroidism and refer	19.3 Observe and assist in performance of tubal ligation	(SGL) CM 5.4 Plan and recommend a suitable diet for the individuals and families based on local availability of foods and economic status, etc. in a economic status, etc.
128.	Friday 5 Feb 2027	IM 5.6 Describe and discuss the pathophysiology, clinical evolution and complications of cirrhosis and portal hypertension including ascites, spontaneous bacterial peritonitis, hepatorenal syndrome and hepatic encephalopathy and hepatocellular carcinoma.	FM (AET) 6.1 Forensic Serology	OP 6.9 (SGD) Choose the correct local and systemic therapy for conditions of the anterior chamber and enumerate their indications, adverse events and interactions
129.	Saturday 6 Feb 2027		OP (AETCOM)	SU 14.2 SGDDescribe Surgical approaches, incisions and the use of appropriate instruments in Surgery in general

130.	Sunday 7 Feb 2027					
131.	Monday 8 Feb 2027	OG 16.1 Enumerate and discuss causes, prevention, diagnosis, management and appropriate use of blood or blood products in PPH		(OP) PY 10.17 (L) Describe and discuss functional anatomy of eye, physiology of image formation, physiology of vision including colour vision, refractive errors, colour blindness, physiology of pupil and light reflex		EN.17- describe the anatomy of external nose and lateral wall of nose EN.1.9-- describe the physiology of nose
132.	Tuesday 9 Feb 2027	SU 12.2 Methods of estimation and requirement of fluid, Electrolyte in a surgical patient		(L)CM 8.1 Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases		FM 4.19-4.20 Consent FM 4.21-23 Declaration of Geneva

133.	Wednesday 10 Feb 2027	OG 19.1(a) Describe and discuss the physiology of puerperium, its complications		EN1.2 describe anatomy of external ear EN 1.3 describe anatomy of middle ear		IM 15.2 SGD Enumerate, describe and discuss the evaluation and steps involved in stabilizing a patient who presents with acute volume loss and GI Bleed.
------	--------------------------	---	--	---	--	--

134.	Thursday 11 Feb 2027			GH		
135.	Friday 12 Feb 2027	IM 6.16 Discuss and describe the principles and regimens used in post exposure prophylaxis (HIV).		FM 7.1 Virtual autopsy and AI		OP 6.10 (DOAP) Counsel patients with conditions of the iris and anterior chamber about their diagnosis, therapy and prognosis in an empathetic manner in a simulated environment

136	Saturday 13 Feb 2027			OP (AETCOM)		Surgery (Revision)
137	Sunday 14 Feb 2027					

138	Monday 15 Feb 2027	OG 19.1(b) Puerperal complication-diagnosis and management. Counselling for contraception, puerperal sterilization		PY 10.18 (L) Describe and discuss physiological basis of lesion in visual pathway PY 10.19 (L) Describe and discuss auditory and visual evoked potentials		(DOAP)EN1.1.11- describe the anatomy of oral cavity
139	Tuesday 16 Feb 2027	SU16.1 Minimally invasive General		(L)CM 8.1 Describe and discuss the epidemiological and control measures including the use of		FM 5.2 Types of psychiatric disorders FM 5.3-5.6 MHA

		Surgery: Describe indications advantages and disadvantages of Minimally invasive General Surgery		essential laboratory tests at the primary care level for communicable diseases		FM 6.2 Dispatch of reports FM 6.3 Trace evidence & FSL
140	Wednesday 17 Feb 2027	OG 24.1 Define, classify and discuss abnormal uterine bleeding in terms of PALM-COEIN.		EN 1.4 describe the salient features of anatomy of internal ear including labyrinth, inner ear fluids, internal auditory canal, organ of Corti, bloodsupply.		IM 15.6 Tutorial Distinguish between upper and lower gastrointestinal bleeding based on the clinical features
141	Thursday 18 Feb 2027	PE33.8 PE33.9 PE33.10 PE33.11 Define precocious and delayed Puberty Perform Sexual Maturity Rating (SMR) and interpret Recognize precocious and delayed Puberty and refer Identify deviations in growth and plan appropriate referral		14.3 Discuss and describe classification and diagnosis of abnormal labor.		(SGL) CM 5.5 Describe the methods of nutritional surveillance, principles of nutritional education and rehabilitation in the context of sociocultural factors
142	Friday 19 Feb 2027	IM 5.16 Describe and discuss the management of hepatitis, cirrhosis, portal hypertension, ascites spontaneous, bacterial peritonitis and hepatic encephalopathy.		FM 8.4 NDPS act		OP 7.1 (SGD) Describe the surgical anatomy and the metabolism of the lens

143	Saturday 20 Feb 2027		OP (AETCOM)	Surgery (Revision)
144	Sunday 21 Feb 2027			
145	Monday 22 Feb 2027	OG 29.1 Describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations, of fibroid uterus	PY 10.20 (L) Demonstrate testing of visual acuity, colour and field of vision in volunteer/ simulated environment	EN.4.25-desctibe the clinical features, choose the correct investigations and describe the principles of management of nasal polyps
146	Tuesday 23 Feb 2027	SU 20.1 Describe etiopathogenesis of oral cancer symptoms and signs	(L)CM 8.1 Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases	FM 8.1-8.2 Toxicology History FM 8.3 Types of poison

147	Wednesday 24 Feb 2027	OG 25.1 Describe and discuss the causes of primary and secondary Amenorrhea its investigations and principles of management		EN.1.6 describe the physiology of hearing, conduction of sound, transformer mechanism of middle ear, neurotransmission of sound		IM 15.16 SGD Enumerate the indications for endoscopic interventions and surgery in patients with GI bleeding.
148	Thursday 25 Feb 2027	PE27.28 Provide BLS for children in manikin		13.7 Observe / assist in conduct of normal vaginal delivery		(SGL) CM 5.7 Describe food hygiene
149	Friday 26 Feb 2027	IM 5.8 Describe and discuss the pathophysiology, clinical evolution and complications cholelithiasis and cholecystitis.		FM 8.9-8.10 Viscera preservation		OP 7.2 (SGD) Describe and discuss the aetio- pathogenesis, stages of maturation and complications of cataract

150	Saturday 27 Feb 2027		OP (AETCOM)	Surgery (Revision)
151	Sunday 28 Feb 2027			
152	Monday 1 Mar 2027	OG 33.1 Classify, describe and discuss the etiology, pathology, clinical features, and differential diagnosis staging of cervical cancer	(OP)ANA 30.5 (L)Explain effect of pituitary tumours on visual pathway	EN.4.26- (DOAP) describe the clinical features, choose the correct investigations and describe the principles of management of adenoids, principles of adenoidectomy
153	Tuesday 2 Mar 2027	.SU 13.1 Describe the immunological basis of organ transplantation	(L)CM 8.1 Describe and discuss the epidemiological and control measures including the use of essential laboratory tests	FM 8.5 -8.6 Gen methods of diagnosis of poisoning FM 8.7 Bedside methods of detection

			at the primary care level for communicable diseases	of poison
154	Wednesday 3 Mar 2027	OG 33.1 Classify, describe and discuss the etiology, pathology, clinical features, and differential diagnosis of benign and premalignant cervical lesion [CIN]	EN 4.6-describe the clinical features choose the correct investigations and describe the principles of management of discharging ear	IM 15.17 SGD Determine appropriate level of specialist consultation as per clinical, hemodynamic status of the patient with GI Bleed.
155	Thursday 4 Mar 2027		(L)CM 8.3 Enumerate and describe disease specific National Health Programs including their prevention and treatment of a case	(SGL) CM 5.8 Describe and discuss the importance and methods of food fortification and effects of additives and adulteration
156	Friday 5 Mar 2027	IM 5.7 Enumerate and describe the causes and pathophysiology of drug induced liver injury	FM 9.2-9.3 Metal poison Lead	OP 7.3 (DOAP) Demonstrate the correct technique of ocular examination in a patient with cataract

157	Saturday 6 Mar 2027		GH	
158	Sunday 7 Mar 2027			
159	Monday 8 Mar 2027	OG 33.4 Screening for ca cervix; Enumerate the methods to prevent cancer cervix including VIA, VILI, pap smear and colposcopy, vaccination	31.3 (L) Describe anatomical basis of Horner's Syndrome	EN.4.30-describe the clinical features, choose the correct investigations and describe the principles of management of epistaxis
160	Tuesday 9 Mar 2027	SU 15.1 Describe classification of hospital	(L)CM 8.1 Describe and discuss the epidemiological and control measures including the	FM 9.1 Antidotes FM 9.1 Corrosive poisons

		waste and appropriate methods of disposal		use of essential laboratory tests at the primary care level for communicable diseases		
161	Wednesday 10 Mar 2027			GH		
162	Thursday 11 Mar 2027			(L)CM 8.1 Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases		(SGL) CM 12.2 Describe health problems of aged population (SGL) CM 12.3 Describe the prevention of health problems of aged population
163	Friday 12 Mar 2027			FM 8.9-8.10 Viscera preservation		OP 7.4 (DOAP, SGD) Enumerate the types of cataract surgery and describe the steps, intra-operative and post-operative complications of extracapsular cataract extraction surgery

164	Saturday 13 Mar 2027		OP (AETCOM)	(SGL) CM 12.1 Define and describe the concept of Geriatric services (SGL) CM 12.4 Describe National program for elderly
165	Sunday 14 Mar 2027
